

Wetland Bird Surveying

FREE

Saturday 21st October

9.30am—1pm

Otmoor RSPB Reserve

The course is designed to help with the identification of our common winter wetland birds. The course is targeted at both existing volunteer surveyors who want to improve their identification and surveying skills as well as new volunteers who are looking to get involved with bird surveying either for the River Thame Conservation Trust or other local organisations.

To book a place please email Natalie@riverthame.org
